Why?

This competition recognizes the importance of effective communication within the Civil Engineering Industry and is a key opportunity for all graduate and students at the start of their careers to improve their written presentation and debating skills. It also presents an ideal opportunity for your ideas and innovations to compete with those of your peers.

Entries should preferably, but not necessarily be based on your own work and can be adapted from University projects, research, professional development reports or project case studies. Get involved! This competition is deliberately open to a variety of backgrounds and subjects across the civil engineering industry - **have a go!**
