

Beyond rhetoric

Delivering a low carbon society

The Institution of Civil
Engineers Brunel Lecture Series

Presented by Keith Clarke,
Chief Executive, Atkins

Thursday 2 December 2010

5.30pm

British Consulate General
845 Third Avenue
Between 51st and 52nd Streets
New York
NY 10022 USA

The lecture will address what the engineers of today can learn from Telford, Watt, Brunel and the like that can help us build a low carbon society. Keith Clarke will consider the inspirational leadership of engineers of the past, the context that was needed for change to occur and how knowledge was transferred and shared nationally and internationally. He will consider what steps the engineering profession needs to take to implement a low carbon society.

The event is free and refreshments will be provided. Buffet/drinks available from 5.30pm, Lecture at 6.30pm. 1.0 Professional Development Hours (PDH) will be provided. See our local website www.iceusa.org for details of this and other events.
